- Competent Coder
- Proficient in HTML/CSS
- Competent in technical event management
- Critical Thinking
- Leadership
- Team Coordination
- Event Planning

LANGUAGE

- English
- Hindi

PROFILE

As a BTech Computer Science student, I'm deeply passionate about coding and creating. I specialize in HTML/CSS, React.js, and Unity, with a keen interest in game development. Currently, I'm actively learning Unity and HTML/CSS to broaden my skillset. When I'm not coding, I enjoy gaming, reading, and learning from videos. I actively participate in technical competitions to challenge myself and showcase my skills.

EXPERIENCE

The Matrix Clan   2020 – 2022

Vice President

- Member of the computer club at my school, actively participating in club activities and events.
- Coordinated with fellow members to host multiple interschool competitions, demonstrating strong teamwork and organizational skills.
- Engaged in various coding competitions, quizzes, and events, achieving notable positions and recognition for performance and skill.
- Implico Club Member: Engaged in logical and critical thinking activities and puzzle-solving competitions.
- Vice President, Quiz Club: Led and organized quiz competitions and events.

Womenite   2023
